To guarantee your preferred lesson time, you can set a standing lesson. Talk to your instructor or contact HDRS Director, Gioia Lamendola.

Please note that you must cancel your lesson at least a day in advance to avoid being charged for the lesson. We carefully manage the workload of our wonderful lesson horses and unexpected cancellations affect the scheduling of instructors and horses.

We schedule private and semi-private lessons around our established group lesson times. Please note that we do not regularly schedule private or semi-private lessons on Saturday.
